

1845sf 3/2.5 Cantilever

The dramatic cantilever in this unique design provides a large carport and shaded outdoor space on the first floor while housing bedrooms and two outdoor decks on the second floor.

In addition to our standard sustainable building features, specific design amenities include

- first floor dedicated to public spaces
- kitchen and living spaces open to large shaded yard
- large outdoor shaded courtyard
- rear parking with covered walk
- elevated decks accessible from all bedrooms
